

LEAGUE OF WOMEN VOTERS®
OF MILWAUKEE COUNTY

MILWAUKEE
PUBLIC LIBRARY

Invite you to a free public meeting:

No one wants to see more gun deaths and injuries. *Guns, Grief and Grace: Everyone's Toolkit* is the work of an academic/community-led coalition, formed to create a sustained, non-polarized conversation that will change the ways we think, act and talk about gun violence in the Greater Milwaukee area. The initiative advances a framework of public health prevention to inspire and assist urban, suburban and smaller communities to engage in nonpartisan, civil dialogue around prevention of suicide, homicide, domestic violence, accidental and mass shootings.

Panelists include:

Sharlen Moore: *Co-founder, Executive Director of Urban Underground, Milwaukee*

Dr. Barbara Moser, *Chair, Prevent Suicide Greater Milwaukee Coalition*

Dr. Michael Levas, *Pediatric Emergency Medicine, Children's Hospital/Medical College of Wisconsin*

Join the conversation

This program includes film clips and commentary from a variety of perspectives. Audience members are invited to participate in facilitated small-group discussions that will contribute to the toolkit content. They may also choose to record stories (up to 5 minutes) on the impact of gun violence in their lives in the library's new sound studio.
